## REPORT DESCRIPTION

The field of lighting is witnessing remarkable technological developments since the past few years, especially in the area of compact fluorescent lamps (CFL). Conventional incandescent lamps are replaced by CFL and LED (light emitting diode) lamps.

### **For the Brochure of This Report :**

LED lighting is experiencing a healthy growth due to its exceptional features like high energy efficiency, longer operational life, and weather resistant design. LED lighting applications are expected to witness significant growth with the highest market share in the near future.

CFLs are more efficient than the conventional incandescent lamps and offer discrete advantages like better light quality and longer operational life compared to incandescent lamps. Electricity consumption of CFLs is appreciably lower than incandescent lamps, and hence contributes in the fight against global warming.

### **Market Segmentation**

#### **Based on Products**

- Fluorescent
- High Intensity Discharge
- Incandescent
- Halogen

#### **Based on Type**

- Buildings
- Consumer Products
- Motor Vehicles

## Outdoor Lighting

The major geographies analyzed under this market research study are North America, the Asia-Pacific, Europe, and the Rest of the World.

The major players in the lamps market are Advanced Lighting Technologies Incorporated, Chicago Miniature Lighting, Deposition Sciences, EiKO Limited, EYE Lighting International of North America, Federal-Mogul Corporation, Federal Signal Corporation, Fiat SpA, GE Lighting, General Electric Company, Hamamatsu Photonics KK, Harrison Toshiba Lighting, Hella KGaA Hueck & Company, Iwasaki Electric Company Limited, JKL Components Corporation, LCD Lighting, Light Sources Incorporated, Lights of America Incorporated, National Cathode Corporation, OSRAM SYLVANIA, Panasonic Corporation, Peterson Corporation, Philips Lighting, Royal Philips Electronics NV, Siemens AG, Stanley Electric Company Limited, TCP Incorporated, Toshiba Corporation, Trojan Incorporated, US Energy Technologies Incorporated, US Lighting Tech, Ushio Incorporated, UVP LLC, Venture Lighting International, Visteon Corporation, Voltarc Technologies, Welch Allyn Incorporated, and others.

### About Us

Transparency Market Research (TMR) is a global market intelligence company, providing global business information reports and services. Our exclusive blend of quantitative forecasting and trends analysis provides forward-looking insight for thousands of decision makers. TMR's experienced team of Analysts, Researchers, and Consultants, use proprietary data sources and various tools and techniques to gather and analyze information.

Our data repository is continuously updated and revised by a team of research experts, so that it always reflects the latest trends and information. With a broad research and analysis capability, Transparency Market Research employs rigorous primary and secondary research techniques in developing distinctive data sets and research material for business reports.
